## Russia Charges U.S. Planes Hit Soviet Field Note Of Protest Is Delivered To American Official

MOSCOW, Oct. 10—(AP)—Russia charged today that two American fighter planes strafed and damaged a Soviet airfield near the key Siberian seaport of Vladivostok last Sunday.

A Russian protest note was proffered to U.S. Minister-Counselor Walworth Barbour last night by Soviet Deputy Foreign Minister Andrei Gromyko. The note placed the incident 62 miles north of the Soviet-Korean border.

**Punishment Demanded**  
It demanded "strict punishment" for the "responsible personnel" and American assurances against such incidents in the future.

The note said two F-80 Shooting Star jets machinegunned an airfield in the Sukhaya Rechka area at 4:17 p.m. (local time) Sunday. Sukhaya Rechka is across Novik bay from Vladivostok and about 18 miles southwest of that important Siberian rail and shipping terminus.

"As a result of the firing, damage was inflicted on airframe equipment," the note declared. It made no mention of casualties.

Barbour declined to accept the note on the grounds the protest was a matter for the United Nations to handle.

Gromyko disagreed, arguing that since the note dealt with the firing by American planes on a Soviet installation, it was the sole concern of the two governments involved.

The note subsequently was sent by the Russians to the U.S. embassy. U.S. Ambassador Alan G. Kirk, who had been in bed with a cold, went there early this morning to inform the State Department of the Soviet communication.

**Second Similar Note**

It was published in Moscow papers without editorial comment.

"In connection with these provocative actions of the American air force, expressed in a gross violation of the U.S.S.R. state frontier, and in firing on a Soviet airfield, the Soviet government launches a resolute protest with the government of the United States," the note said.

In refusing to accept the note, Barbour took the same stand as was taken by the United States last September, when Russia protested the downing of a Soviet plane by American aircraft of Korea.

That note was never accepted by the United States, and Russia submitted it to the United Nations for consideration only, not for action. It has remained shelved so far.

## 4th St. P.T.A. Asks Start Of School Job

With all the other school improvements made or nearing completion, Fourth Street school Parent-Teacher Association members last night went on record favoring an early start of the Fourth Street (Junior High) school remodeling program.

A large gymnasium is a part of the Fourth Street building addition, according to original plans.

More than 100 parents and teachers attended the meeting, with 90 P.T.A. members being enrolled.

A motion was passed to ascertain from the board of education the status of the school improvement plan. A cafeteria for the school also was discussed and a committee will be named to study the possibilities and merits of a lunch room.

The meeting was presided over by Walter Yarian, president, with Mrs. Lloyd Loop serving as acting program chairman. The school reading and grading program was explained by three teachers, Mrs. Ernest Horton, Miss Geraldine Foding and Deane Phillips.

Mrs. Bess Cline is vice president of the Fourth Street P.T.A. Nathan Harris secretary and Mrs. Russell Perrine, treasurer.

The next meeting is scheduled for December.

## Call 1,522 In Doctor Draft

### Army Inductions Set For Next 3 Months

WASHINGTON, Oct. 10—(AP)

The Defense department called today for the drafting of 1,522 physicians, dentists and veterinarians for the army during November, December and January.

The total includes 922 physicians, 500 dentists and 100 veterinarians.

The department acted only four days after President Truman set in motion the machinery for the drafting of medical men. The first registration date is Oct. 16.

The department's announcement said the Navy and the Air Force have indicated that they do not presently plan to make similar requests to selective service for the induction of the physicians and others.

Induction quotas listed for the army follow: 300 doctors of medicine by Nov. 15; 300 doctors of medicine, 300 doctors of dental surgery or doctors of medical dentistry, and 50 doctors of veterinary medicine by Dec. 15; 322 medical doctors, 200 doctors of dental surgery or medical dentistry, and 50 doctors of veterinary medicine by Jan. 15.

Those drafted are subject to 21 months of service.

Only a limited group of medical men are due to sign up for the draft at the first registration. They are the ones who were trained at government expense or deferred during World War II as students.

Eventually, however, all those under age 50 must register unless they are reserves or have had active service. In setting that date for the first registration, Mr. Truman said that registration of the others should be completed by Jan. 16.

## Carl Willman Is Named President Of Chamber

Carl F. Willman of 1230 E. Ninth st., commercial manager of the local Ohio Bell Telephone Co. office, was elected president of the Salem Chamber of Commerce at the annual election meeting Monday in the Lape hotel.

Mr. Willman, former vice president of the board, succeeds Alroy Bloomberg, who was elected as one of the directors.

Lloyd M. Gordon of 185 Highland ave replaces Mr. Willman as vice president, and Mrs. Elizabeth Baker was re-elected secretary-treasurer. Two new directors are Harry Krohne and A. A. Parker, and holdover directors are Walter B. Null and L. H. Colley.

Franklyn Dickenson, general supervisor of the Ohio Edison Co. at Akron, was principal speaker at the meeting. Speaking on the theme of how industrial companies choose new plant sites, Mr. Dickenson said that mere labor supply is not enough to set up a plant. Besides an ample supply of technical and trained labor, he said desirable qualities to look for include transportation, communications, nearness to sources of supply, civic organizations and types of city governments. Mr. Dickenson added that Salem is well qualified along those lines.

The speaker was introduced by T. E. Miller. Alroy Bloomberg, who presided for the meeting, announced an important meeting of the chamber on Monday, Nov. 6, prior to the general election.

Eventually, however, all those under age 50 must register unless they are reserves or have had active service. In setting that date for the first registration, Mr. Truman said that registration of the others should be completed by Jan. 16.

## Yanks North Of Line 38 Find Going Tougher

BULLETIN  
WASHINGTON, Oct. 10—(AP)—President Truman will meet with Gen. Douglas MacArthur in the Pacific this coming weekend.

TOKYO, Oct. 10—(AP)—South Koreans captured the prize Red Korean port and arsenal city of Wonsan today after smashing the heaviest opposition they have encountered above parallel 38.

To the southwest, U.S. First Cavalry foot troopers ran into fierce resistance just north of 38.

The Cavalry's advance with tank, artillery and air support was slowed to a crawl against log pillbox positions set up before the war. This is the line the Communists insisted was for "defense" but which was used as starting blocks for the Red invasion of South Korea.

Industrial Wonsan, a city of 150,000 people on the Sea of Japan coast, is the first major Communist-ruled center taken by the Republic of Korea's (ROK) liberation forces on their 10-day-old sally into the northern Red city.

Wonsan is about 105 miles north of 38 and 95 miles almost due east of the Communist capital, Pyongyang.

It was the center of oil refining in Korea before repeated B-29 strikes smashed its industrial facilities. The port has one of the best natural harbors in the country. A peninsula jutting northward on Wonsan's east side was once a Japanese naval air station.

Wonsan had been red-penciled, said Communist prisoners, as a place where North Korean forces hoped to make a major defense effort.

But it fell after day and night fighting, street by street, before the rapidly advancing liberators.

**Clean-up Continues**

Snipers and some heavier gun teams remained to be cleared out before the city is secure. Allied officers thought the mop-up would be completed some time Wednesday.

This would permit a start on shaping up the harbor and captured airport for use quickly. The port was reported 50 per cent intact after Allied bombings earlier in the war.

On the western end of the 120-mile battlefield, the Reds stalled the first cross-border smash of American troops along a 25-mile front near Kaesong.

Twenty thousand other Red Korean forces blunted the ROK drive in the center of the peninsula about five miles north of the border.

While fighting raged all along the Red Korean battlefield, an allied transport plane flew a loud-speaker over isolated Red pockets calling for surrender. It promised fair and humane treatment.

General MacArthur's "last time" surrender ultimatum boomed out over the airborne herald in a new phase of psychological warfare.

The Red high command has ignored the ultimatum. But Communist troops were surrendering in increasing numbers that have swelled the Allied prisoner bag to more than 55,000.

**Fighting Is Bitter**

Die-hard Reds around Wonsan dug in on heights encircling the south and southwest sections and continued slamming small arms and machinegun fire and even sporadic mortar and artillery bursts into the ROKs.

The road-hardened ROKs of the Third and Capital Divisions fanned out on mop-up jobs after routing the bulk of the Red Korean defenders in bitter day-and-night street fighting.

Many Reds fled north and northwest of Wonsan. Uncounted hundreds surrendered. Prisoners said other hold-out groups wanted to give up, but hadn't found the opportunity.

The Reds made their first major stand Monday on ridges south of Wonsan. Allied warplanes strafed and rocketed side-line posts and the ROKs stormed over the airfield just south of Wonsan at 4 a.m. Tuesday (2 p.m. Monday, Salem time).

They entered the city at 10 a.

## Rutkowski Asks For New Laws

### Suggests Bootlegging Be Declared Felony

COLUMBUS, Oct. 10—(AP)—Bootlegging should be a felony in Ohio, punishable by imprisonment or a heavy fine, says Anthony A. Rutkowski, state liquor enforcement chief.

Rutkowski made this and nine other recommendations yesterday after studying the Michigan liquor control system. The recommendations will be submitted to liquor director Oscar L. Flecken, who is now on vacation.

#### Asks Imprisonment

Rutkowski said the penalty for bootlegging, the sale of liquor without a permit, should be imprisonment in the state prison for from one to three years, or a fine of not less than \$500 and not more than \$2,000 or both.

And, he added, such a law should forbid the courts to suspend costs or to suspend more than 50 per cent of the assessed fine.

Rutkowski also recommended that written examinations be required for all applicants for liquor permits. Character investigations should be made of all applicants, also, he added.

Other recommendations include:

In-service training course be given to enforcement investigators and police authorities each year.

#### New Manuals

A law enforcement manual be furnished to enforcement investigators and police authorities throughout the state.

A sign be posted on the place of business where the permit has been suspended by the Ohio Department of Liquor Control during the time of suspension.

Bartenders be licensed by the liquor department in all cities

VOLUNTEERS FOR SURRENDER—Col. Kimduk Mo, Provost Marshal of the ROK forces, standing at left, poses with six North Korean officers who voluntarily surrendered along with 31 of their enlisted men.

with populations of 50,000 or more.

That all political advertising on permit premises, inside or outside, be prohibited, excepting nominating petitions.

#### Liverpool, Youngstown On New Airline Route

**And Here is Another Successful Business Man Helped by HADACOL..**

**He Suffered Deficiencies of Vitamins B1, B2, Niacin and Iron**

Jacob Goldberg should have been a very happy man. At an age when most men are still struggling to make a living, he was able to retire from his Chicago metal business to his beautiful 150-acre estate at Music Mountain, near Hot Springs National Park, Ark.

But at a time when life should have showered its greatest blessings on him, he met with unhappiness. He became run down through a deficiency of Vitamins B1, B2, Niacin and Iron and as a result food had no appeal to him and he tried many expensive ways of overcoming his discomfort.

Then he saw the blessings that inexpensive HADACOL had brought to his daughter and many of his friends, who had such deficiencies. Life is more pleasant for Mr. Goldberg today, but let him tell you about it, himself. Here is how he overcame these deficiencies:

"I was generally run down some time ago. I lost appetite and my food just did not digest. I knew I needed food but even the tastiest dishes had no appeal to me. I have been coming to Hot Springs since 1937 and now make my home in that city. Recently I just about gave up hope of feeling well and happy again. I had tried almost every thing. I decided on HADACOL be-

## It Takes All Kinds

ONE statement made by critics of Harold E. Stassen's appeal to Premier Stalin of Russia for another personal interview goes like this:

"Stassen has no business interfering in the business of the State Department."

That kind of reasoning needs to be looked at closely. Mr. Stassen has right to do anything he wants to do short of misrepresenting himself as an official envoy of his government. He has made it abundantly clear that he is acting as a private person.

There is no gag rule over such matters in the United States. When the State Department was misrepresenting public opinion and, as later events proved, was misrepresenting the government itself on policy in Korea, a great many private persons said it was dead wrong.

It is a great pity that one of them did not address Premier Stalin directly to warn him that Korea would not be sold down the river. He might have realized that it takes all kind of opinions to make policy in the United States and that the official policy of any given moment is subject to change without notice.

Mr. Stassen has not even suggested a change of policy. He hopes at the most for only a chance to warn Stalin of the consequences of listening to the bad advice of his Kremlin associates. There is nothing about that which interferes with the State Department.

It is mild compared to what other private citizens were trying to convey to Premier Stalin and the Kremlin just before June 25. They were trying to say, over the head of the State Department, that an overt aggression by the Communist conspiracy would have to be resisted by the United States. If Stalin had listened to them and not to the State Department, which was apparently willing to abandon Asia, he could have saved himself a costly mistake.

## Reasonable Doubt

A GRAPH of popular morale in the United States, if one could be made, would be a jagged line of ups and downs. At the moment, it would be climbing to a peak, as the result of the improved prospects for getting out of the Korean fiasco with more luck than seemed possible a month ago.

But it takes only the mildest kind of skepticism to realize that things today are not appreciably better than they were a month ago. By the same reasoning, things a month ago, or as far back as the middle of last June, before the Korean war broke out, were not appreciably worse than they were in the middle of May.

There used to be a feeling in this country, when most of us were much younger than we are now, that affairs could be expected to stay on an even keel for years at a time. There was a great deal of reasonable doubt about those who claimed too much in either direction.

That was before the era of government by daily, weekly and monthly emergency. It was before the beginning of the illusion that all human affairs soar or sag depending on what a handful of confused people in Washington do from day to day. It pre-dated a situation in which Americans are forced to behave like hypochondriacs to prove they are sensitive to the ebb and flow of hysteria and propaganda which have been substituted for judgment and truth.

## The Operation Was Successful

OSCAR R. EWING, who has had his knife out for the American Medical Association, recently underwent an operation on his official ego by the association.

The operation was successful. It should be a trail-blazer for other operations on other public officials suffering from enlargement of the official ego.

American Medical Association, replying to Mr. Ewing's latest stab, replied that the federal security administrator was a "disappointed, embittered bureaucrat." It accused him of falsehood in connection with a charge that medical schools discriminated against Jews.

It called him a "case of arrested development" and suggested that his statement about discrimination was a "consequence of thwarted ambitions and a growing persecution complex." Therefore, concluded the A.M.A., Mr. Ewing is "wholly unfit for public office."

Wherever did the idea come from anyway that public officials in Washington could say anything they wanted to about taxpayers, but that taxpayers should pull their punches when defending themselves against their own employees?

# IT COULD HAVE HAPPENED ONLY IN AMERICA!

PRIMITIVE MAN SPENT ALL HIS TIME DEFENDING HIMSELF AND GETTING ENOUGH FOOD TO STAY ALIVE.

STARVATION AND WANT WAS THE LOT OF THE ANCIENT WORLD OF GREECE AND ROME

THE MIDDLE AGES HAD LAND USED IN COMMON REGULATED BY AUTHORITY. THERE WAS NO PROFIT MOTIVE. THE RESULT WAS STARVATION!

FOR 2300 YEARS OF CIVILIZATION, MAN HAD STRUGGLED AGAINST STARVATION UNTIL—

OUR BRAND NEW AMERICAN GOVERNMENT WAS FORMED TO PROTECT EVERY MAN'S FREEDOM ... TO PROTECT HIS RIGHT TO LIFE, LIBERTY AND PURSUIT OF HAPPINESS, SO LONG AS HE DID NOT INTERFERE WITH THOSE SAME RIGHTS OF ANY OTHER MAN.

**IN THE LAST 160 YEARS, THE WORLD'S FIRST  
FREE PEOPLE PRODUCED MORE OF EVERYTHING.  
THEY MADE THE GREATEST ECONOMIC PROGRESS  
IN ALL THE 2,300 YEARS OF HISTORY!**

THIS WAS BECAUSE AMERICANS WERE FREE TO —

- ① PLAN, WORK & EARN FOR THEMSELVES
- ② SOLVE THEIR OWN PERSONAL PROBLEMS AS BEST THEY COULD
- ③ ACQUIRE AND OWN PROPERTY

WITH A MINIMUM OF REGULATION BY GOVERNMENT  
— AND THEIR EARNINGS AND SAVINGS WERE  
FREE FROM OPPRESSIVE TAXATION!

NEITHER SOCIALISM, COMMUNISM, FASCISM, NOR ANY OTHER GOVERNMENT-CONTROLLED "ISM" HAS GIVEN PEOPLE AS MUCH AS FREE AMERICANS HAVE EARNED FOR THEMSELVES!

## Spicy Rocks Top Off Quick After-Game Snack

AFTER the game is over and the crowd stops by you'll want to be prepared with a bite to eat. Who isn't hungry after a stretch in the open air? To reach your goal of ranking as an excellent hostess, here's a menu plan which you can follow through in close to 15 minutes time with cheers from your guests: hot open faced sandwiches, assorted relishes, an overflowing cookie jar of chewy rocks and hot spiced cider. The rocks are simple spicy drop cookies filled with chopped nuts and raisins. The cookies are baked the day before and the cider is made ready for heating.

### ROCKS

1/4 cup lard

Likewise, the sandwiches may be prepared in the morning, then stored in the refrigerator all ready to be slipped in the broiler a few minutes before time to serve. Include open faced sandwiches of peanut butter topped with bits of bacon; Swiss cheese and bacon; cream cheese and bacon.

Prepare an assortment of relishes in the morning (celery curls, green pepper rings, carrot sticks, radish roses). Keep them covered or in the vegetable keeper in the refrigerator until ready to arrange on the serving platter.

1 1/2 cups light brown sugar

3 eggs

2 1/2 cups sifted enriched flour

1 t. cinnamon

1/2 t. soda

1/2 t. salt

3 cups raisins

1 cup chopped walnuts

Cream the lard and sugar and add the well-beaten eggs. Reserve one cup of the flour to mix with the raisins and nuts. Sift together the remaining flour, cinnamon, soda and salt. Combine ingredients and mix well. Place by spoonfuls on a cookie sheet and bake in a hot oven (400 F.) until lightly browned. Will yield 8 dozen medium cookies.

## Wanted-by Almost Half the People!

According to a recent widespread survey—almost half the motor car owners in the United States would choose a Cadillac, if they had their unrestricted choice.

This is, of course, a tremendous tribute to Cadillac, and to those who have designed it so well and built it so soundly for so long a time. But we think it is, equally, a tribute to the American people themselves.

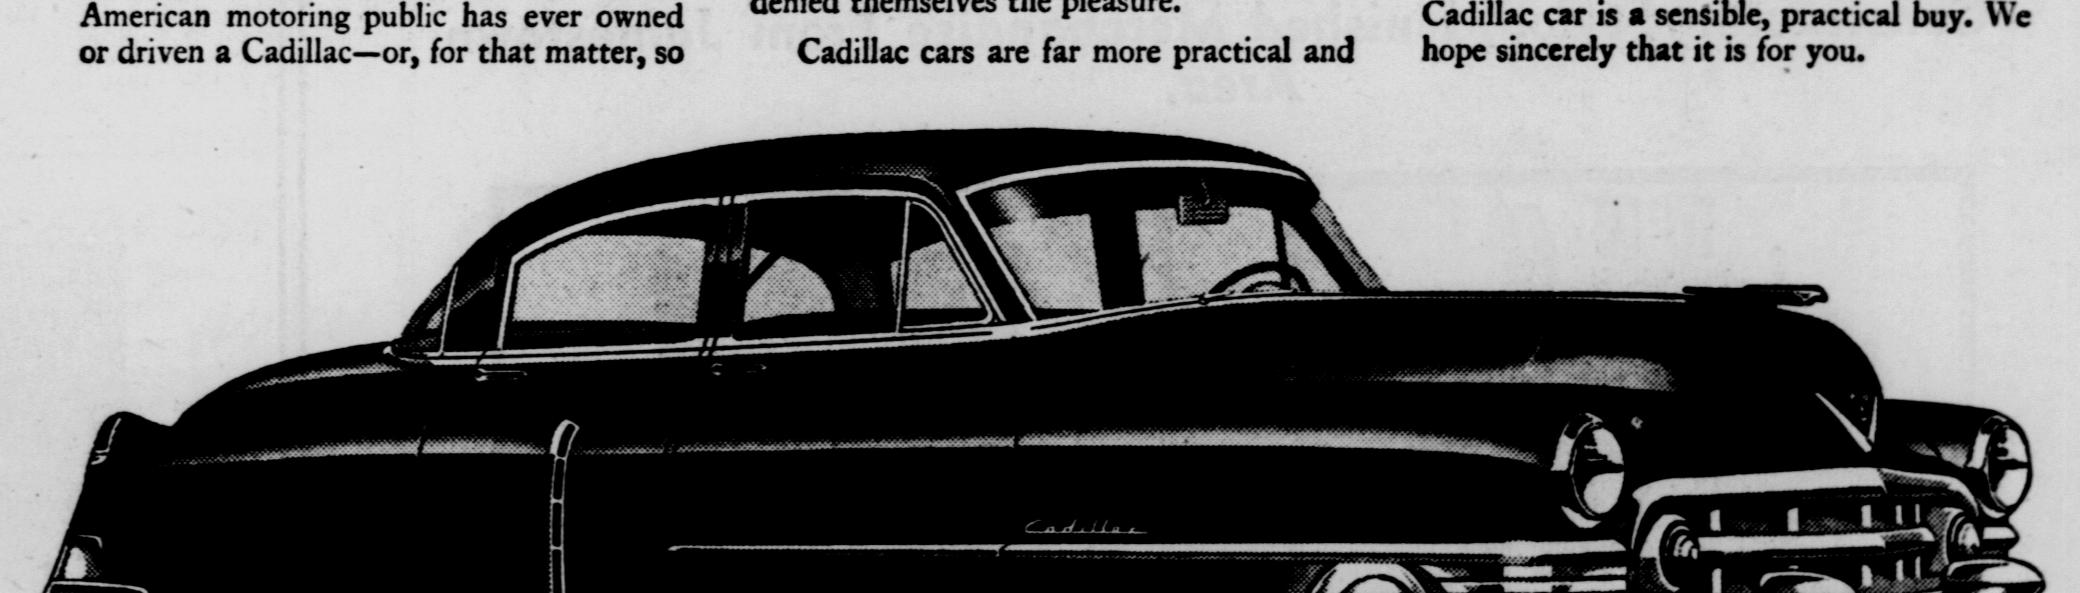

Only a very small percentage of the American motoring public has ever owned or driven a Cadillac—or, for that matter, so

much as enjoyed a ride in one as a passenger.

But that has not hindered the public in general from sensing the soundness of the Cadillac ideal—or from giving its whole-hearted approval to the Cadillac crusade for quality. Where the effort is worthy—the American people approve.

We regret exceedingly that not every one who wants a Cadillac can own one. But we believe, sincerely, that many have needlessly denied themselves the pleasure.

Cadillac cars are far more practical and

## Massillon Still In First Place

Howell Says Salem Has "Something New"

COLUMBUS, Oct. 10—(AP)—Coach Junie Farrell's Barberton Magics, Ohio's 1947 high school grid champs, are heading for the heights again.

The Summit county sensations picked on the season's Cinderella team Friday, shooting down Alliance's high-flying Aviators 20-0 to zoom into third place in the "top 10" selected by the state's newspaper and radio sports editors.

Mei Knowlton's Aviators may have been looking ahead to this week's all-important clash with Massillon's 1948-49 state champs, and currently the No. 1 team in the poll. No matter what the reason, they couldn't cope with the gridiron ledgeremain of the Magics who handed them their first whitewashing since the 1946 loss to Canton McKinley, 34-0.

Alliance had shovved aside three previous foes, including Mansfield's 1949 runner-up Tygers, before losing to the unbeaten and untied Barberton powerhouse.

The Alliance loss wasn't the only unusual result over the weekend. Other eye-catchers were Cincinnati Western Hills' 25-6 victory over Cincinnati Purcell, first loss for that team since 1948; Hamilton's rousing 59-0

## How They Stand

COLUMBUS, Oct. 10—(AP)—Here's how Ohio's sports editors and broadcasters rate the state's high school football teams after the Oct. 7 games. (Points on 10-9-8-etc. basis, first place vote in parentheses.)

Massillon (14) 196  
Canton McKinley (2) 171  
Barberton (2) 161  
Hamilton (1) 118  
Springfield (1) 93  
Findlay 69  
Alliance 51  
Sandusky 29  
Circleville (1) 18  
New Philadelphia 17  
Campbell Memorial 17  
Lima Central 17  
Louisville 17

Others receiving points in the order of finish: Cincinnati Purcell 16, Middletown 16, Portsmouth 15, Youngstown South 14, Dayton Chaminade (1), Lakewood 13, Columbus 12, Lorain 9, Columbus North 8, Akron St. Vincent 8, Cleveland 8, New Haven 8, Canton South 8, Youngstown East 8, Steubenville Central 8, Toledo Scott 6, Fremont Ross 5, Akron South 5, Newark 4, Akron Buchtel 4, Steubenville 3, Salem 3, Delaware 2, Van Wert 2, Cincinnati Western Hills 2, Youngstown Wilson 2, Warren 1, Mifflin 1, Toledo Lippert 1, Dover 1, Canton Central 1.

runaway over Martins Ferry, Circleville's 89-0 romp over Hillsboro (the second and third stringers scored nine touchdowns), and Springfield's 28-12 decision over Middletown.

Massillon clung to the top spot with a 35-12 win over previously unbeaten Steubenville which scored on the Tigers for the first time this year, while Canton McKinley took second place with a 32-0 victory over Canton Lincoln.

The big ten has 13 members this week because of a tenth place tie between New Philadelphia, Campbell Memorial, Lima Central and Louisville.

THE HIGHLIGHTS: Findlay's Louis Peterson, 190-pound junior fullback, scored both touchdowns in the 14-0 win over Fremont Ross, and outrushed the entire Fremont team single-handed, 125 yards to 78... Hamilton made only six first downs, and Martins Ferry had eight, but the Big Blue ran up 59 points with a 32-point first period.

Springfield coach Jim McDonald, after watching his Wildcats beat Glenn Ellison's Middies for the first time, chortled: "We're off to the races and if the boys keep on playing alert ball, only an accident can hold us back."

Perry Jeter of Steubenville went 14 yards for a touchdown against Massillon as Tiger coach Chuck Mather tore his hair. Jerry Kirsher eased the pain for Chuck by booting five extra points, giving him 14 straight.

Doug Goodsell of Upper Arlington has 16 touchdowns for four games after getting two in the 28-20 win over Columbus St. Charles, but Dick Briggs of the Columbus West defensive corps came up with the weekend picture play—a 103-yard pass interception run for a touchdown in the 18-6 win over Aquinas.

Sophomore Judge Theibert ran for three TD's, passed for a pair and headed an extra-point pass as Sandusky's four-time winners mauled Port Clinton 47-0... Lima Central is booming Bud Bonfiglio for all-state because of his fine running... Springfield didn't complete a pass against Middletown, while the losing Middies hit on nine of 13 tries.

Dayton Chaminade, paced by hard-running Jack Furderer who has seven touchdowns in four games, whipped Dayton Dunbar 27 to 7 before 12,000 fans. It was Chaminade's 28th straight win over Dayton opposition. Mansfield skidded another notch as Warren whipped the Tygers 19-6, breaking a two-game losing streak for the Panthers.

SOMETHING NEW popped up

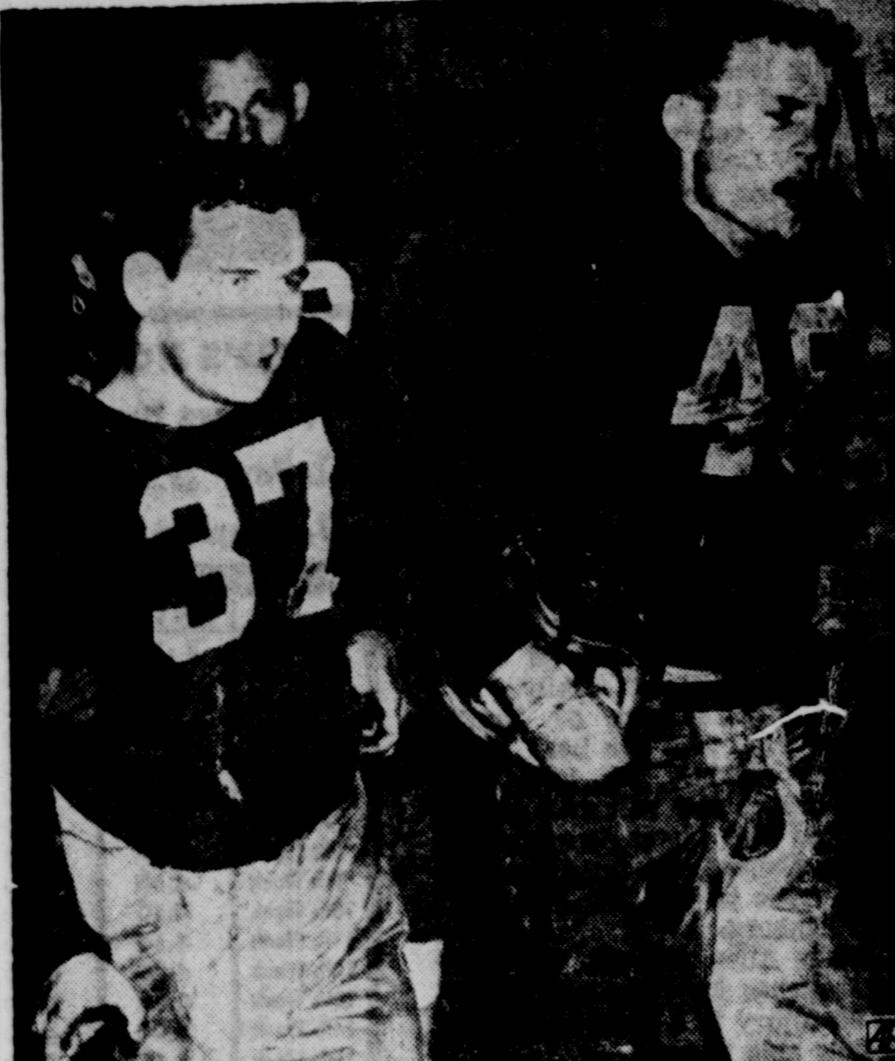

at Salem when a school board member spoke right out at a board meeting and said he thought the Salem squad was playing too rough. Four East Palestine players were hurt in Salem's 33-0 victory the week before. The community is up in arms over the statement, lining up behind Coach Ben Barrett who never before has been accused of dirty or rough tactics.

Steve Brudzinski of Circleville said he wasn't trying to run up a score against Hillsboro, but that he "scraped the bottom of the reserve barrel and the kids still counted 89 points." Campbell Memorial finally gave up a touchdown, but whipped Youngstown Chaney, 24-6... Ernie Brantley of unbeaten Youngstown South pulled out a 20-9 win over Youngstown Ursuline by counting all three touchdowns... He has scored seven touchdowns, passed for six others, booted three extra points and is averaging eight yards per carry for the season.

Ursuline's Frank Beck hauled a Youngstown South kickoff 86 yards for a touchdown, and Dom Bucci, Youngstown East's fine quarterback, lugged one for 90 yards against Youngstown North.

The number "13" is unlucky for Lancaster's Golden Eagles. They scored 13 against Coshocton, Circleville and Ironton, and lost all three... North Canton scored the first touchdown of the year against Louisville, but halfback Johnny Mooth got it back in a hurry with an 85-yard kickoff return as the Leopards went on to win their 22nd in a row, 27-14.

HEART-BROKEN IRISH linebacker Dick Cotter (48) cries as he heads for Notre Dame dressing room at South Bend, Ind., after his team was drubbed 28-14 by Purdue last Saturday. Teammate is back Bill Barrett (37) of the offensive team. Notre Dame was last beaten in 1945. Since then they won 37, tied two.

## DAILY DOZEN By Bob Dixon

• For another year we wrap up baseball in mothballs, where it will remain for four or five months. Then it's back to spring training and away we go again.

• The latest word out is from the Yankees, who predict they'll be in shape to win in 1951, if not forever.

• We can't agree. If you'll pardon the reference, we think the Indians will give them a far better tussle next year than they did last summer.

• The Tribe's youngsters, who form the infield, will be settled down by next year. That is, their fielding will. No fault can be found in the hitting department.

• Cleveland has the necessary hitting. Three batters topped the 100 runs batted in mark in 1949. None of the three, Doby (102), Rosen (115) and Easter (107) figure to tail off next season.

• Cleveland could have been in the thick of the flag chase this year, but for the failure of Mike Garcia to come through as anticipated. He figures to shake his injury jinx and win more than 15 games in '51.

• Of course, Cleveland didn't have a bad year. They won two more games than did the Phillies (ugh) who won the championship in that other league. But it wasn't all-around nuisance for the Bucks.

Against Southern Methodist, he played quarterback in that 32-27 setback—Janowicz was almost a one-man team. He scored on a 14-yard run, booted field goals from the 12 and 6-yard lines, placekicked three extra points, recovered two fumbles, intercepted a pass, and was an all-around nuisance to the Mustangs.

Coach Wesley Fesler decided after the game he needed Janowicz at the tailback in his single wing offensive, so he could take advantage of his brilliant passing.

STILL CALLING the plays, Janowicz threw six passes against Pittsburgh, completing all six for 151 yards. Four of them went for touchdowns—one a nine-yarder to Ray Hamilton, a 47-yarder to Tom Watson, a six-yarder to Sherwin Gande, and a 61-yarder to Tony Cuccillo. On top of that he kicked two extra points, passed for another, and punted twice for 115 yards, including a back-breaking 76-yard quick kick.

All that happened in the first half.

Once he was hit by a rib-rocking tackle and knocked out of bounds on an end run. A co-ed cheer leader peered down at him as he untangled from his tackler, wondering if he'd ever get up. Vic looked at her, grinned and said: "Hello, honey, I'm all right."

Ohio boasted a 41-0 lead at the half over Pittsburgh, so Vic booted the third period kickoff for the Bucks and then trotted to the bench. He sat there the rest of the day—reading the program.

The fans are convinced that Fesler was right when he opined: "No matter what you ask Vic to do, or no matter what he tries, he's the best we have at that particular job."

And he'll be back next year, too!

## Opera Star Buys Some Browns Stock

NEW YORK, Oct. 10—(AP)—The St. Louis Browns, who a few months ago were dabbling with a psychiatrist, welcomed a Metropolitan opera star into the organization.

Blonde Helen Traubel said she's always loved the Browns and so she bought a "nice chunk" of stock "mostly to satisfy a sentimental urge."

Bill DeWitt, president of the club, confirmed the new member of the front office family and said he hoped Miss Traubel would sing "The Star Spangled Banner" at the opening game next year.

## Michigan Has Score To Even

### Meets Army In Week's Biggest Grid Tilt

ANN ARBOR, Mich., Oct. 10—(AP)—Michigan's Wolverines have a score to settle with Army in the game at Yankee Stadium Saturday.

They are determined to break the Cadets' 22-game unbeaten string just as Army spoiled their own streak of victories here last year.

Michigan had a 25-game skein going when underdog Army plastered the Wolverines with a stinging 21-7 defeat.

Michigan Coach Bennie Oosterbaan said today he is not trying to get his boys "pepped up" for the New York game but he acknowledged some probably still are ranking from last year's setback.

"We meet six tough Western Conference teams after the Army game and if we get too high for Army we'll be in trouble afterwards," Oosterbaan said.

"The kids may key themselves up. We can't do much about that. But they have a Big Ten title to defend and we certainly won't encourage any undue feeling about Army."

Oosterbaan said he had made no more than the usual preparations for the Army game.

"Army can afford to prepare," he said. "This is one of its few big games."

### Hockey Play Starts

NEW YORK, Oct. 10—(AP)—The National Hockey League opens its 1950-51 season tomorrow night—the earliest inaugural in history—and Detroit's talented Red Wings once again are expected to clean up in championship style.

The Red Wings will begin at home against the New York Rangers, the team they beat in the Stanley Cup finals last April.

Another opener is carded for Thursday at Chicago, where Eddie Goodfellow unveils his revitalized Black Hawks against the Montreal Canadiens. Then all six clubs will see action over the weekend.

## Senate Seat Battle Looms

### Pennsylvania Vote Important Nationally

PHILADELPHIA, Oct. 10—(AP)—A U. S. Senate seat and the governorship—together with places of great power in national political party councils—are the high stakes in Pennsylvania's November election.

The top candidates, already on the national scene, are Republican Governor James H. Duff and U. S. Senator Francis Myers, a Democrat.

They seek the Senate seat Myers now holds. The winner Nov. 7 will be a national standout in his party, a man to be consulted in the 1952 scramble for the presidency.

Their campaign so far has been almost exclusively to national issues. Myers, a three-term U. S. representative before he moved six years ago to the Senate, where he is now assistant Democratic leader, says he is standing squarely on his voting record of support for the "New Deal" and "Fair Deal" programs.

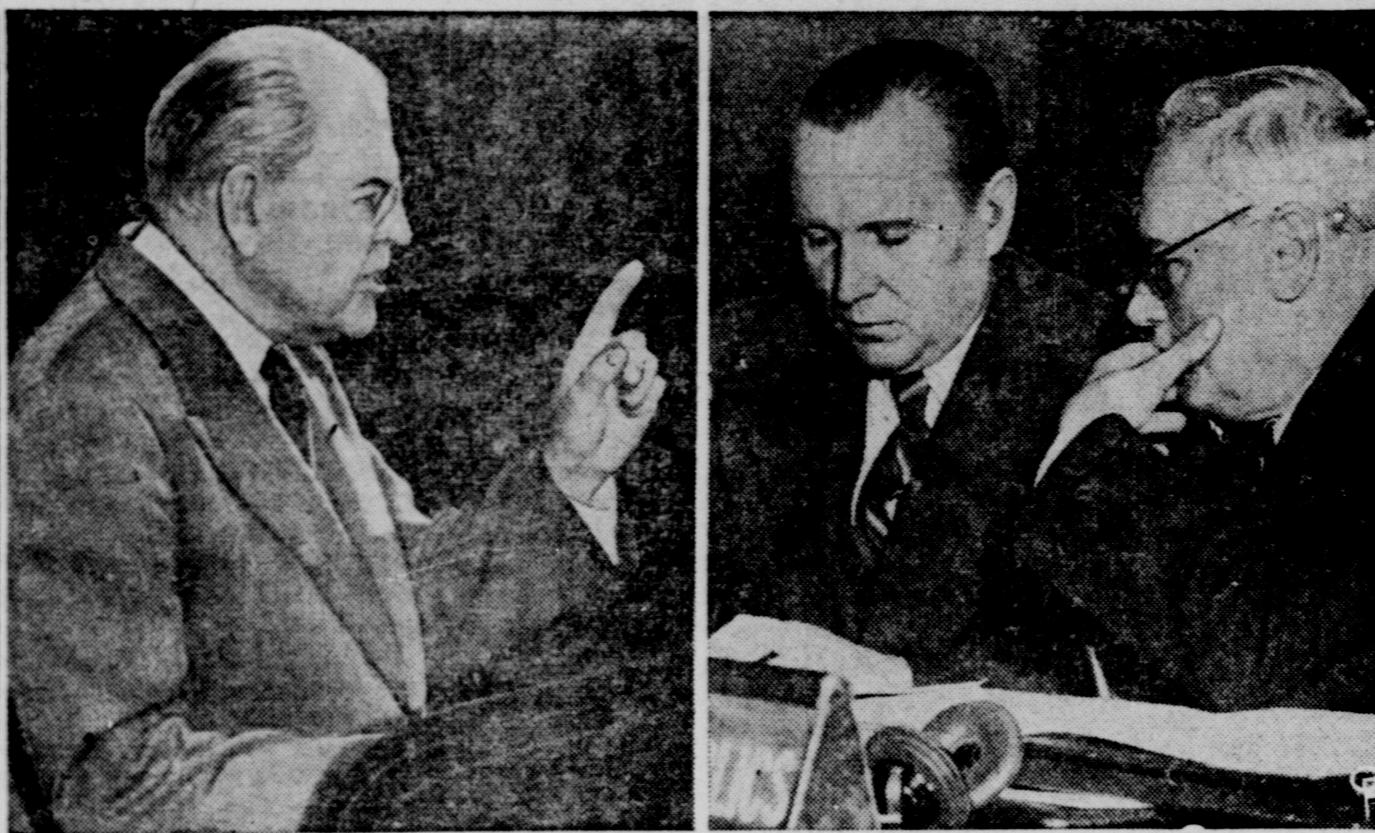

Duff has been critical of the nation's state of preparedness at a time when federal expenditures are at an all-time high.

There are two unusual features about the campaign, both of them closely watched within and from outside the state.

No. 1, to Republicans, is the aftermath of the May primary. Duff picked his own slate then, refused to go along with candidates "acceptable" to the old-line party leadership headed by former Senator Joseph R. Grundy, and carried his entire ticket to victory in a bitter campaign.

The scars have not yet been erased. Grundy and his ally, national committeeman G. Mason Owlett, stood aside from the early campaigning and fund-raising.

No. 2 is a series of grand jury investigations, in which some of the candidates are figuring. At Pittsburgh, a Duff-appointed state attorney general has assumed control of a probe into charges that city employees, on city working

Mrs. Danbury was the wife of Mayor Charles Danbury of Williamsburg (Clermont county) Ohio. She was returning from the Daughters of America national convention at Providence, R. I.

### First War Marriage Observed In Korea

U. S. TENTH CORPS HEADQUARTERS, Korea, Oct. 10—(AP)—Before an altar of packing crates in a shell-torn building, Capt. James F. King of Worcester, Mass., and Lt. Anna Jacobs of Muskogee, Okla., were married Sunday.

King is an Army intelligence officer, his bride an army nurse. They became engaged last summer. The Korean war interrupted their wedding plans. King was sent overseas almost immediately. Weeks later, Nurse Jacobs was assigned to Korea.

Each knew only generally where the other was stationed. Ten days ago they chanced to meet at headquarters. Then came the first U. S. Army wedding in Korea since the war.

Chaplain James M. Bragan of Birmingham, Ala., officiated. Cpl. Thomas Banks of Elk City, Okla., was best man.

## Parking Fines Sent To Police From GI

SEATTLE, Oct. 10—(AP)—It appeared to be just another routine letter containing three \$1 bills and three parking tickets. Routine, that is, until Seattle police took another look.

The tickets, issued Sept. 10, were for overtime parking, parking in a prohibited area and parking on railroad property.

The sender, Paul Fitzpatrick of Seattle, apologized for the delay. He said his car was tagged on the day he unavoidably had to leave town.

The Oct. 4 postmark was from Seoul, Korea.

## Cleveland Police Nab Football Pool Printers

More than 145 persons, former members and friends in the community, attended the homecoming Sunday at the Ellsworth Presbyterian church. The last homecoming was held in 1918, but plans are underway to make the gathering an annual affair.

Among those present were Rev. and Mrs. Jarrow of Cuyahoga Falls who served the Ellsworth pastorate 40 years ago. Rev. Earl L. Fritz is now pastor there.

Rev. John Lloyd Evans of Nelsonville, moderator of the Synod of Ohio, was the principal speaker of the afternoon. His topic was "Where Angels Fear to Tread." Rev. Chester Johnson, stated clerk of Presbytery, also was present. Rev. Fritz spoke in the morning worship service on the topic, "Call to be Embassadors of Christ."

Dr. Duncan Hogg served as general chairman, Mrs. Robert Terry was chairman of the invitation committee and Mrs. Richard Berry was in charge of the dinner arrangements. Mrs. Ira Keslar and Miss Mary Burgoyne arranged for the music and Miss Edwin Credico of Canfield was the guest soloist.

Letters were read from people who were unable to attend. Among those present were people from Hubbard, Salem, Andover, Cuyahoga Falls and Youngstown.

**Jail Sentence Hangs  
Over Senator's Head**

WASHINGTON, Oct. 10—(AP)—The supreme court's refusal yesterday to review the disorderly conduct conviction of Senator Glen H. Taylor touched off a long-distance tug of war over whether he will serve a jail sentence.

Taylor said in Pocatello, Idaho, that he had no intention of turning himself over to "that chain gang" in Birmingham, Ala., where he is under sentence to pay a \$50 fine and serve 180 days in jail. "If there is any legal way on earth to make him do it" retorted Birmingham Police Commissioner E. C. Connor, "He's going to serve that 180 days."

Legal opinion was mixed on whether the senator can be forced to return to Alabama to serve time. Taylor was arrested May 1, 1948, while he was running for vice president on Henry A. Wallace's Progressive party ticket. He was convicted of disorderly conduct after a scuffle with police which ensued when he tried to enter a building through a door marked "Negro entrance."

men. The Reds resisted bitterly, but AP Correspondent William Jorden, with the South Koreans, said the defense was not as strong as had been expected.

From Wonsan, the ROKS are in position to swing 95 miles straight west across the narrow waist of the peninsula to Pyongyang.

U.S. First Cavalry troops who clawed across the border on a 25-mile front near Kaesong were 80 odd air line miles from the Red capital.

AP Correspondent Leif Erickson reported from western Korea that Reds holed-up in their pre-war "defense" chain forced American foot troopers to fight for every yard.

**Non-Defense Funds  
Cut \$580 Billion**

WASHINGTON, Oct. 10—(AP)—The Budget Bureau announced today a \$580,271,335 cut in non-defense appropriations—\$30,271,335 more than the minimum cut congress ordered after voting the funds.

The bureau's reductions, for the fiscal year ending next June 30, were approved by President Truman. They were spread over 31 agencies in the executive branch which shared in the \$35,554,600,425 single-package appropriations act to which the cuts applied.

That act made up a large part of the nearly \$54,000,000 Congress appropriated this year before recessing until Nov. 27.

The biggest slash of all whacked \$75,000,000, or half, off the \$150,000,000 total voted by Congress for the Federal Security Agency's grants for hospital construction.

Other cuts of \$50,000,000 or more: Rural electrification loans of the Agriculture Department, \$66,427,000; reclamation and power marketing agencies of the Interior Department, \$56,950,000; army engineers civil activities, European Recovery Program (Marshall Plan), and relief in occupied areas abroad, \$50,000,000 each.

**Legion Convention  
Urges Preparedness**

LOS ANGELES Oct. 10—(AP)—The national American Legion convention called a halt to business sessions today to stage a mammoth six-hour parade designed to accent the need for continued national preparedness.

The stream of perhaps 50,000 uniformed men and women will include tanks, armored equipment and troops of the 13th Armored Reserve Division, underlining warnings of convention speakers against smugness over the Korean victories.

The march spectacle will not be without the traditional Legion pomp, music and fun. There will be plenty of bands, colorful drum and bugle corps, snappy drill teams, and some decorated jalopies and ancient locomotives, reminiscent of the forty-and-eight days.

Downtown stores are closing in honor of the Legion. So are schools so that thousands of youngsters can see the sight of their lives.

WARREN, Oct. 10—(INS)—Trumbull County CIO council has accepted the resignation of Treasurer Otto L. Lyman of Niles who accused the organization of interfering with his support of Robert A. Taft's campaign for re-election to the U. S. senate.

The council named Mrs. Olive P. McCann of Warren to the post vacated by Lyman and scored Lyman for statements contained in his letter of resignation.

Lyman pledged his support of Taft and said that he was giving up his CIO post because of "the attempted political domination of the CIO political Action Committee."

Henry A. Dively, president of the council, denied yesterday that the CIO has interfered with Lyman's right to work and vote for Taft.
